IV. Visitors and Communications

- A. Zoning Applications
1. Diane Schultz and Arden Krueger Jr., 1129 East Grant Street, have submitted a Zoning Application proposing to construct a 52' x 34' residence with a 28' x 32' attached garage (896 square feet). Because

there is already a 1,200 square foot garage on the property, this application requires a variance of 896 square feet for the proposed new garage as well as variance to permit 2 garages on the same parcel of property. This application was reviewed at the meeting of May 14, but with 3 Council Members in attendance, the Council lacked the necessary 4/5 majority to vote on the issue. Addendum #3

Council Action:

2. Jeff Sheehan, 416 East Main Street, has submitted a Zoning Application proposing to construct a 28' x 34' addition onto an existing 21' x 28' garage for a total building dimension of 28' x 55'. This addition plus the existing garage totals 1,540 square feet whereas the Zoning Ordinance stipulates 1,200 square feet as the maximum allowable area, requiring a 340 square foot variance. Initial review of this application was made at the Regular Meeting held May 14, but the Council lacked the 4/5 majority members to vote on the question. Addendum #4

Council Action:

3. John Hauser and Amy Augedahl have submitted a Zoning Application proposing to construct a new home at 317 Gjere Avenue with the dwelling to be 34' x 52' with a 28' x 30' attached garage located approximately 19' from the rear property line, requiring an 11' setback variance. Initially the advertisement was for a 15' setback variance, but modifications to the plan were made at the past meeting of May 14. At that meeting however a 4/5 majority of Council Members were not present to vote on the question. Addendum #5

Council Action:

Joyce Iverson will explain in further detail at the meeting. Addendum #6

Council Action:

2. Hutton Company Tax Abatement: Joyce Iverson will explain in further detail the revision of terms of the Tax Abatement Agreement with Hutton
